**Government of Tamil Nadu

**DEMAND No.50**

**PENSION**

**AND OTHER RETIREMENT BENEFITS**

**POLICY NOTE FOR 2021-2022**

Initially, State pensioners in Tamil Nadu were governed by the Civil Services Regulations, 1889. The Madras Pension Code was applied and it was replaced by the Tamil Nadu Pension Rules, 1978 from 01-01-1979. This pension scheme covers all employees recruited prior to 01-04-2003. At present there are **3,44,834** employees in Government who are covered under the Old Pension Scheme. In addition, there are **7,31,559** Pensioners and Family Pensioners receiving pension and family pension under the Scheme. Demand No.50 provides for a total expenditure of **Rs.28,250.59 Crore** towards pension and other pensionary benefits under the following major categories:

<b>Sl. No.</b>	<b>Details</b>	<b>Number</b>
1.	State Civil Pensioners	4,03,590
2.	Teacher Pensioners	65,514
3.	Civil Family Pensioners	2,14,931
4.	Teacher Family Pensioners	26,598
5.	Other category Pensioners including Ex-Gratia Pensioners	20,926
	<b>Total</b>	<b>7,31,559</b>

Employees who are recruited on or after 01-04-2003 are enrolled under Contributory Pension Scheme. At present **5,88,166** employees are covered under Contributory Pension Scheme. Further 22,893 employees recruited after 01.04.2003 have exited from the Contributory Pension Scheme on attaining the age of superannuation and other reasons.

# **CONTRIBUTORY PENSION SCHEME**

## **2. Introduction**

(i) The State Government have implemented Central scales of pay to its employees w.e.f 01-06-1988 based on the recommendations of the Fifth Tamil Nadu Pay Commission. Consequently, the pension of the retired employees were revised based on the revised pay scales applicable to the post held by the employees concerned. The fiscal burden became unsustainable due to increasing salary and pension expenditure and this constrained the resources available for public welfare and infrastructure expenditure.

(ii) A High Level Expert Group (HLEG) was set up by the Government of India on 26-06-2001 under the Chairmanship of Thiru. B.K. Bhattacharya, Chief Secretary (Retired), Government of Karnataka to make recommendations for restructuring the pension scheme. The High Level Expert Group (HLEG), in its report submitted in February, 2002, suggested a new hybrid scheme that combines contributions from employees and the Government on matching basis,

on the one hand, while committing to the employees a defined benefit as pension. The objective of the Government of India was to design a scheme for new entrants to Government service where the contribution is defined, with the infrastructure being created capable in course of time of serving other groups like State Government employees, middle class self-employed people and even those in the lower income bracket amongst the unorganized sector.

(iii) Following the Government of India's initiative on pension reform, an announcement was made in the Tamil Nadu Budget for 2002-2003 as below:

***“Tamil Nadu has the highest pension-related commitments when compared to other States in the country. It is also one of the fastest growing components of the total revenue expenditure. It has already been announced that all employees recruited from December 1, 2001, will be governed by a new contributory pension scheme similar to the one being formulated by the Union Government.”***

(iv) As a follow up action to the Budget announcement, the Contributory Pension Scheme (CPS) was introduced for the employees of the State Government recruited on or after 01.04.2003 Vide G.O.(Ms) No.259 Finance (Pension) Department, dated 06.08.2003. Accordingly, employees who were recruited on or after 01.04.2003 have been brought under the CPS. Further, in G.O.(Ms)No.304 Finance Dept., dated: 27.5.2004, necessary amendments have also been issued to make the Tamil Nadu Pension Rules, 1978 non-applicable to the persons covered under Contributory Pension Scheme.

### **3. Methodology of CPS**

(i) Employees who have joined on or after 1-4-2003 are enrolled under the Contributory Pension Scheme. A subscription at the rate of 10% of basic pay, dearness pay plus dearness allowance is being recovered from the employees who joined in Government service on or after 01-04-2003. Under this scheme, the Government also makes an equal contribution. The Commissioner, Government Data Centre is maintaining the accounts of the Contributory Pension Scheme.

(ii) There are about 5,88,166 Government, Aided Educational Institutions and Local Body employees covered under this scheme and a sum of Rs.46,052 crore has been accumulated including interest in the Public Account as on 30-06-2021.

#### **4. Interest rate for CPS accumulation**

Interest is currently being sanctioned for the CPS accumulation at the same quarterly rate as applicable to GPF accounts. At present, the rate of interest sanctioned for GPF for the period from 01.04.2021 to 30.06.2021 is 7.1 percent. This rate is lower than the returns earned under various pension fund manager accounts in the National Pension Scheme architecture.

#### **5. Investments made from CPS accumulations**

At present, the accrued amount under CPS has been invested in the Life Insurance Corporation Superannuation Fund (Rs.28,725.32 crore) and Auction Based Treasury bills (Rs.16,500 crore). These investments earn a much lower interest although the Government pays interest on the CPS

accumulation as per the applicable rates for GPF. This negative carry has invited C&AG audit objections which have pointed out huge financial loss to Government and also the loss to employees who could have accrued higher benefits if the balances were invested in an institutional framework.

## **6. Settlement so far made under CPS retirees**

Employees recruited after 01.04.2003 and enrolled under CPS have already started retiring. In the absence of an annuity scheme for such retirees, the Government as an interim measure authorized that the accumulated balances of the employee and Government contribution along with interest thereon can be settled in one lumpsum vide G.O.Ms.No.59 Finance (PGC) Department, dated 22.02.2016. The Government has so far authorized a sum of Rs.1,240.28 crore towards CPS final settlement claim of 22,893 employees who have retired/ resigned, expired or terminated from service as on 31-07-2021. This is an acceptable system for those with less than 10 years of service as they would have low accumulations and hence low annuities and traditionally the minimum qualifying

service for pension is ten years. As the period has lengthened without clarity on annuity payments, the retirees will be put to greater insecurity. Hence clarity on handling of the contributed balances under Contributory Pension Scheme is urgently required.

### **7. Contributory Pension Scheme to Local Bodies**

The Government issued orders in G.O.Ms.No.260 Finance (PGC) Department, dated 15-10-2015 designating the Commissioner of Treasuries and Accounts as the State Nodal Officer for implementing the Contributory Pension Scheme for the Employees of Municipal Corporations, Municipalities, Town Panchayats and Panchayat Unions. A software application for Local Bodies has been developed and the related data are being maintained.

### **8. National Pension System (NPS) for All India Service Officers in Government of Tamil Nadu**

The National Pension System (NPS) has been implemented for the All India Service (AIS) Officers Tamil Nadu cadre appointed on or after 1-1-2004. The Government of Tamil Nadu signed an agreement

on 28-6-2017 appointing National Securities Depository Limited (NSDL) as Central Record Keeping Agency (CRA) for the National Pension System (NPS) and the NPS Trust of the Pension Fund Regulatory and Development Authority (PFRDA) as the Trustee Bank, Pension Fund Manager (PFMS) and Annuity Service Provider (ASP) for operationalizing the National Pension System (NPS) for All India Service (AIS) Officers of Tamilnadu cadre. A sum of Rs.28.73 crore has been transferred to National Pension Scheme Trust (NPS Trust) towards subscription amount and Government contribution for All India Service Officers upto 31-07-2021.

## **9. National Pension System Architecture**

The National Pension System (NPS) offers following important features to help subscribers save for retirement.

- (i) The NPS came into operation as the New Pension System with effect from 01.01.2004 and is applicable to all new entrants to Union Government service except one Armed Forces, joining Government service on or after 01.01.2004. With the extension of the

scheme to all citizens from 01.05.2009, it became the National Pension System.

- (ii) The NPS works on a defined contribution basis; and has two tiers – Tier I and Tier II;
- (iii) Tier-I is a pension account and is mandatory for all Government employees joining Government service on or after 01.01.2004. In Tier I, Government employees contribute 10% of Basic Pay, Dearness Pay and DA which will be deducted from his salary bill every month. The contribution has since been increased to 14 percent based on the 7th Pay Commission recommendations. The Government will make an equal matching contribution. Tier-I, initially non-withdrawal account, now became a partially withdrawable account;
- (iv) Tier II account – made available from 01.12.2009, is a voluntary savings account similar to GPF. An active Tier-I account is a pre-requisite for opening of a Tier-II account. Tier-II contributions are kept in a separate

account that can be withdrawn at the option of subscribers;

- (v) The existing provision of Defined Benefit Pension and GPF would not be available to new Government servants joining Union Government service on or after 01.01.2004;
- (vi) Till the regular Central Record keeping Agency and Pension Fund Managers were appointed and the accumulated balances of each individual transferred to them, the contributions made by the Government employees were kept in the Public Account. Till the formation of regular Central Record Keeping Agency, the Central Pension Accounting Office (CPAO) functioned as the Central Record Keeping Agency;
- (vii) A subscriber can open an NPS account through their Drawing and Disbursing Officer / Pay and Accounts Officer (Treasury Officer) or through the online platform eNPS or through anyone of the Points Of Presence

(POP) and get a Permanent Retirement Account Number (PRAN);

- (viii) Subscribers can choose their own investment option and pension fund;
- (ix) Subscribers can operate their account from anywhere in the country, even if they change their location, job or their Pension Fund Manager, thereby providing portability;
- (x) Subscribers can exit at or after the age of 60 years from Tier I of the Scheme. At exit, it would be mandatory to invest 40% of the pension wealth to purchase an annuity (from an IRDA regulated Life Insurance Company), which will provide the pension for the life time of the employee and his/her dependents. In case of subscribers who leave the scheme before attaining the age of 60, the mandatory annuitisation would be 80% of the pension wealth;
- (xi) NPS is regulated by PFRDA, with transparent investment norms and regular monitoring of

the performance of fund managers by the NPS Trust.

- (xii) Pension Fund Regulatory and Development Authority (PFRDA) regulates and develops the pension market;

The Government of India has issued orders in 2016 that the Union Government employees covered under the National Pension System shall be eligible for benefit of “Retirement Gratuity and Death Gratuity on the same terms and conditions as are applicable to employees covered by Central Civil Service (Pension) Rule, 1972. Further, Government of India has also decided to fix the minimum pension of Rs.9000/- per month for Government employees who are covered under the National Pension System. The employee and employer contributions have also been enhanced to 14% with effect from 01.04.2019 based on the recommendations of the Seventh Central Pay Commission.

## **11. Constitution of Expert Committee**

An Expert Committee was constituted by the Government of Tamil Nadu in the year 2016 to examine the feasibility of implementing the demand of various Government employees/Associations for continuing the existing defined benefit Pension Scheme and make recommendation on the possible option to Government for appropriate decisions. ## **12. Observation in Comptroller and Auditor General of India's Report**

In the Audit report for the year ended on 31st March 2018 it has been pointed out that additional expenditure of Rs.797.12 Crore is incurred by the State Government due to less interest received from the short investment of the fund amount and investment on Treasury bills during the period 2015-2018.

The long delay in taking a decision on how to proceed with the employee and Government contributions to the Contributory Pension Fund is

causing considerable financial loss to employees and subjects them to financial insecurity. At the same time, the Government is also facing additional financial cost of more than Rs.1200 Crores a year now in terms of negative interest carry. Hence an early decision on this issue considering all dimensions and including the observations of the C&AG and the recommendations of the Expert Committee will be taken soon.
