

## Chikkanna Government Arts College, Tirupur – 641 602

### 6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The Strategic Plans of the College during 2020-21 was more challenging due to COVID 19 Lock downs. Therefore the College had different strategies to effectively manage the academic and administrative activities.

#### *Teaching Learning Strategies*

- At the beginning of the academic year, it was well planned to conduct the online theory classes to students using various electronic modes to the convenience of Teachers and students. This was done to cope with the uncertainty that prevailed in conducting regular classes due to COVID 19.
- It was planned to work on tentative Short-term Academic Calendars due to the uncertainty.
- The Strategy of conducting practical classes in more number of batches was deployed to follow the Standard Operating Procedures (SOP) prescribed by the State.
- Teachers were asked to make use of e-notes, videos and power point presentations extensively to promote and make effective online mode of teaching-learning process.
- To encourage staff to get more projects from funding agencies and write research papers in peer reviewed journals.
- To modernize the digital library.

#### *Strategies for Evaluation*

- Continuous Internal Assessments were planned accordingly. The college planned to conduct the CIAs online with changes in Question Paper Pattern to suit the conduct of tests online. Teachers were permitted to customize the test patterns.
- End Semester Examinations were conducted online.
- Evaluation procedure was conducted online.
- Admission was conducted online.

#### *Administrative Strategies*

- The College planned to conduct Staff meetings online and meetings were conducted through Google Meet, ZOOM and other online meeting platforms.
- Data Collection: Through Google Sheets and other electronic sources.
- Maximum benefits (Scholarship etc.,) were to be obtained via e-governance portal of the Tamilnadu government.

The perspective towards the mode of teaching took a different form during this year and hence the strategies were more tactical to handle the situation and make TLE effective.
