### Chikkanna Government Arts College, Tirupur-641 602

### 2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The internal assessment is made in accordance to the guidlines of the parent University. However, the college ensures at most transparency in the conduct and evaluation of continuous internal tests and award of internal marks to students. Measures taken to ensure transparency in internal assessment mechanisms are given below:

- 1. Conduct of Internal Assessment Tests three times in a semester in accordance to the schedule given in the academic calendar
- 2. Evaluation of Answer Scripts and Assignments and disclosing the score to the students immediately
- 3. Record of Internal Assessment Marks in CIA Register : CIA Marks for each subject under each parameter is recorded in a separate register. This register is maintained separately for each batch of students and all CIA marks are entered for their entire course
- 4. Internal marks are disclosed to the students and discussed with them. The final marks after improvement if any is recorded in the CIA registers and students signatures are obtained after their agreement on their scores.

Internal Exam Attendance

5. Periodically, the internal assessment scores are intimated to the parents
